

3 Year 50/50 FTSE Bond Terms & conditions

These terms were last updated 6th March 2006 and are valid as at that date.

Please ensure you have read the following terms (known as the 'Terms') carefully before making an application.

By completing an application for an Account, you will be deemed to have read, understood and agreed to these Terms. The Terms, together with your Application, form the contract between you and us.

These Terms refer to the Bradford & Bingley 50/50 FTSE Bond that comprises a one-year Fixed Rate Element (Part 1) and a three-year Guaranteed Equity Bond Element (Part 2).

Before opening an Account you need to decide if you want to open and operate your Account through our Branches, through our Direct Savings Unit or online. You can only transact on and close the account through the channel of opening.

If you are opening your Account in a Branch you will have to sign an application form. Once we receive your signed application form and have accepted your application then the Terms will form a legal and binding agreement between you and us.

If you are opening your Account online then unless you already have one of our eSavings accounts, your applications must be submitted via the internet on the application form provided. Photocopied application forms are not acceptable. We will send you an application form for signature. Once we receive your signed application form and have accepted your application then the Terms will form a legal and binding agreement between you and us.

If you are opening your Account online and you already have one of our eSavings accounts, you can log onto your existing account to apply online with a shortened application process without signing an application form. You will need to accept the Terms during the application process and once the Account is open, these Terms will form a legal and binding agreement between you and us.

If you are opening your account through the Direct Savings Unit you will have to return your signed application form.

We will then use an electronic verification system so do not send any identification documents with your application form. If we do require further identification we will notify you by post.

6. Guaranteed Equity Bond Element

6.1 The Guaranteed Equity Bond Element is a fixed term bond. No interest (other than Early Bird Interest) will be paid on the Guaranteed Equity Bond Element.

6.2 The gross Return on the GEB Maturity Date will be calculated as follows:

$$\text{Return} = \frac{(\text{Average Monthly Price}^* - \text{Start Date Price}^{**})}{\text{Start Date Price}^{**}} \times \text{Participation Rate}$$

*The Average Monthly Price is obtained by taking closing Index values on the Observation Dates. These seven values are then used to calculate the Average Monthly Price (mean). **Averaging offers some protection against the volatility, and sudden falls or rises of the Index. However, this may reduce the overall return if the Index rises over the final 6 months of the Account Term. Please note that past and current performance of the Index is no indicator of future performance.**

**The Start Date Price will be obtained for the Index at the close of business on the Start Tracking Date. Where there has been no increase in the Average Monthly Price of the Index over the Account Term, then the Return is zero. You will receive no Return on the Guaranteed Equity Bond Element. However, your original investment (i.e. the Guaranteed Equity Bond Element itself together with any Early Bird Interest) will be paid to your Maturity Account.

6.3 The Account does not invest the Guaranteed Equity Bond Element directly into the stock market but in a deposit account that, instead of paying interest over its term pays a return based on the performance of the Index. The value of the Index may fluctuate and any gains made before the GEB Maturity Date are not guaranteed if the Index subsequently falls. Please note that the Index excludes dividend income, either paid on or reinvested in the underlying shares and that the constituents of the Index are subject to periodic review.

6.4 Any Return on the Guaranteed Equity Bond Element will be added to the Account by the Return Date and backdated to the GEB Maturity Date.

7. Extraordinary Event

7.1 If the Index is not available or cannot be ascertained on any particular date, the level taken will be that published on the next following working day.

7.2 If the Index is not published for 5 working days, but a comparable successor index, acceptable to the Calculation Agent, is calculated and published by another entity, the price for the relevant date will be the value of that successor index at the close of business on the first working day thereafter. If the method of calculating the successor index has materially changed such that it no longer fairly represents the value of the Index, then the Calculation Agent will make adjustments to the calculation - in good faith and after consultation with us - that produce a price based on an index that is broadly comparable to the Index.

- 7.3 On the occurrence of an Extraordinary Event in respect of the Index, if a reasonable alternative method of calculation cannot be identified within 20 working days in accordance with clause 7.2, then we may cancel the Guaranteed Equity Bond Element of the Account and pay a return based on the level of the Index immediately prior to the Extraordinary Event. In this event, the Fixed Rate Element will continue until the FRE Maturity Date.
